

INTERCULTURAL EDUCATION

CONNECT PEOPLE TO UNDERSTAND THE WORLD

We, Inter Cultural Education (ICE), are a Hong Kong social enterprise aiming to promote global awareness and mutual understanding of people from different cultural backgrounds through face-to-face interaction.

Using the PISA Framework for Global Competence (2018) as reference, we focus on developing students' knowledge of global and cultural issues, necessary skills to take multiple perspectives and communicate effectively, and the appropriate attitude and values in an intercultural context.

WE OFFER

- **Intercultural dialogue and experience** – To nurture global citizens by providing knowledge of world events and issues.
- **Connection to global networks** – Build a diverse, global youth network to connect students, passionate individuals, educators, organisations and government agencies.
- **Capacity development and skills trainings** – To provide high quality cross-cultural sensitivity, intercultural competency and soft skills training.
- **Mentoring and coaching** – Train the trainers and provide opportunities for passionate individuals to be future global leaders and social entrepreneurs.

Programmes Highlight

Sustainable Development Goals (SDG) Youth Programme

Empower students to create sustainable solutions

- Help students understand and apply the concepts of SDGs
- Identify and explain the application of selected SDGs around the world with case practices
- Create and come up with multidisciplinary actions and solutions

Highlights: global case studies, United Nations, healthcare, SDGs, green fashion, poverty alleviation, pop culture

Connect practical skills e.g. public speaking and debating with the MUN framework

Learn to address real world cultural, political, and economic issues

Increase awareness in global issues through research and discussions

Model United Nations Training Programme

Increase students' confidence and global awareness

This programme increases students' confidence and competence for engagement in internationally minded conversations with global perspectives through experiences in Model United Nation settings.

Highlights: public speaking and debate skills training, mock debates, global dialogue with guests, global knowledge

In the recent online Model United Nations programme with The Hong Kong Academy for Gifted Education, two of our students won the Honourable Mention Award and Best Speaker Award in Hong Kong Model United Nations Club 2020!

"I want to know more about the world after the programme"

98%

"It is more interactive than classroom learning"

GERALD LI

Head of Global Education team,
Stewards Pooi Kei College

I've worked with ICE for many years, organizing programmes for our students, watching them learn, experience and grow through the workshops and activities. ICE's passion for Global Education is both endearing and infectious and I, myself, as the teacher, have also learnt so much from them.

STUDENT PARTICIPANT

HKMA David Li Kwok Po College

It was probably one of the best programs that our school has organised and I have learnt more about the world that I have ever learnt in the past.

NICOLE

Form 6 Student

Thank you for all those great experiences in the past five years. I've really learnt a lot from all those lessons and events that you organised. This is my last year and I will miss you guys so much.
