This is to acknowledge that I have visited both the following websites and read the two documents relating to Professional Code and Conduct, which set out the Education Profession's expectations of professional teachers.

- https://www.edb.gov.hk/attachment/en/teacher/guidelines_tpc/guidelines_en.pdf on "Guidelines on Teachers' Professional Conduct" by Education Bureau, HKSAR
- http://cotap.hk/images/download/ACTEQ_Document_2003-Eng.pdf on "Towards a Learning Profession: The Teacher Competencies Framework – Appendix D: The Generic Teacher Competencies Framework - an Overview and Content of Each Domain [pp 24-41]", by the Advisory Committee on Teacher Education and Qualifications

It is my understanding that, as a student-teacher preparing myself to become a qualified novice teacher, I must be fully aware of my role and my professional responsibilities in my interactions with the young person I am assigned to mentor, whether these interactions take place in or out of his/her school, or are face-to-face, online or by phone. I must ensure that my performance, conduct and behavior are all guided by the Professional Ethics of Teaching.
